

Twin Valley EMT Training Center Successful Completion Criteria EMT

In order to sit for the Pennsylvania Department of Health EMT, students must successfully complete a PA DOH EMT course by an accredited training institute.

In order to receive certification as a Pennsylvania Department of Health EMT, students must successfully complete a PA DOH State Certification Exam.

Successful completion of the course requires the student to meet the following criteria:

- ✓ Students must first meet the following criteria in order to successfully complete the EMT training program and be eligible for the state certification exam:
- ✓ Meets qualifications and competencies as described in the Pennsylvania Department of Health Accreditation, Training and Certification Overview
- ✓ Meets attendance requirement, per the Attendance Policy.

Upon successful completion of the training institute program, students will be eligible for the state EMT certification exam. This exam is composed of both Cognitive (written) and Psycho-motor (hands-on) components.
